

OVEN MASTER HIGH FOAMING NON-FUMING OVEN, STOVE & GRIDDLE CLEANER

It is a violation of federal law to use this product in a manner inconsistent with its labeling. No masking of area required. If a warm oven is preferred, preheat oven to 200°F then turn off. Make sure to attach foaming trigger prior to use. Spray liberally on soiled areas and let set up to 10 minutes depending on severity. Simply wipe off the area with a damp sponge or cloth. Repeat if necessary. Finally, rinse all areas with water prior to oven use. Remove oven racks and clean with Oven Master. Rinse racks after cleaning with water and return to oven.

HMIS CODES: Health - 2, Flammability - 0, Reactivity - 0, Personal Protection - C.
