- POWERFUL FOAMING ACTION ENHANCES PERFORMANCE
- USDA AUTHORIZED

GREAT FOR USE IN

- HOSPITALS • HOTELS • NURSING HOMES • APARTMENTS •
- SCHOOL DISTRICTS • PLACES OF WORSHIP •
- MUNICIPALITIES • CAFETERIAS •

DIRECTIONS

No masking of area required. If a warm oven is preferred, preheat oven to 200°F then turn off. Make sure to attach foaming trigger prior to use. Spray liberally on soiled areas and let set up to 10 minutes depending on severity. Simply wipe off the area with a damp sponge or cloth. Repeat if necessary. Finally, rinse all areas with water prior to oven use. Remove oven racks and clean with Oven Master. Rinse racks after cleaning with water and return to oven.

BETA DATA

FLASH POINT:	N/A	WETTING ABILITY:	Excellent
VISCOSITY:	Thick	BOILING POINT:	212°F
COLOR:	Red	SOLUBILITY IN WATER:	100%
SPECIFIC GRAVITY:	1.01	PHOSPHATES:	None
TOXICITY:	2 mg/m3 ACGIH TLV	BIODEGRADABILITY:	No
DETERGENCY:	Excellent	pH:	13-14
STORAGE STABILITY:	1 year +	% VOLATILE BY VOLUME:	>80
COLD STABILITY:	32°F	EVAPORATION RATE:	<1
ODOR:	Mild Sweet	FORM:	Liquid
