

**POISON! THIS IS CONCENTRATED SULFURIC ACID! READ ALL DIRECTIONS CAREFULLY BEFORE USING PRODUCT!**

Avoid contact with skin, eyes and clothing. THIS PRODUCT MAY ERUPT VIOLENTLY FROM DRAIN, spewing hot acid and contents of drain onto persons in vicinity causing severe burns, when poured into drain containing alkaline drain openers and/or hot water. Follow protective measures specified under DIRECTIONS. Do NOT use before or after other chemical drain openers or any other chemicals. Do NOT use in drains containing a build-up of plaster waste material. A toxic gas may be released. Use from this bottle only and do NOT transfer contents into any other container. NEVER add water to contents while in container because of violent reaction. Do NOT attempt to disassemble plumbing or remove clean-out plug(s) from lines containing this product. When flushing drain lines, use cold water, never use hot water. Never use a plunger when product is in drain lines. Keep container tightly closed when not in use. Do not allow to contact porcelain, enamel, aluminum, or chrome. Do not mix with other household chemicals.

**FIRST AID PROCEDURES**

**SKIN CONTACT:** Flush immediately with water for 15 minutes. Call physician immediately.  
**EYE CONTACT:** Flush immediately with water for 15 minutes. Call physician immediately.  
**INGESTION:** Do not induce vomiting. Drink large volumes of water or milk. Follow with milk of magnesia, beaten eggs or vegetable oil. Call physician immediately.  
**CONTAINER DISPOSAL:** When container is completely empty, triple rinse with COLD WATER ONLY before discarding to prevent accidental burns. Puncture container, offer for recycling or discard according to local regulations.

**INDUSTRIAL DRAIN SOLUTION**

- Drops up to 40 Feet • Heavier than water
- Saponifies Grease
- Effective on organic and inorganic material
- Safe in most fixtures & pipes
- Creates exothermic action
- Septic system safe.

Net Contents: 1 Quart (0.95 Liter)

**DANGER! POISON!**  
 CORROSIVE TO EYES AND SKIN. CAUSES SEVERE BURNS. HARMFUL OR FATAL IF SWALLOWED. KEEP OUT OF REACH OF CHILDREN. READ ENTIRE LABEL BEFORE OPENING OR USING THIS PRODUCT.

This product contains concentrated sulfuric acid. Avoid contact with skin, eyes or clothing. May cause eruption of hot acid when poured into drain. Protect face (especially eyes) and other portions of the body when using. Keep out of the reach of children. See side panel for additional precautionary information.  
**WARNING:** Do not sell individual quarts. This product is sold to commercial and institutional users in case lot quantities only. Not for home use.

DISSOLVE Breaks down and liquefies hair, paper, grease, tobacco, coffee, tea bags, body oil, carbohydrates, uric acid, uric salts, as well as sanitary napkins, prophylactics, toilet paper, paper towels, and organic obstructions. Always read and follow directions before using. Seller makes no warranty express or implied concerning this material or the use of this product other than indicated on this label. Buyer assumes all risk for use and/or handling of this material when such use and/or handling is contrary to label instructions.

**DIRECTIONS FOR USE**

When using this product, PROTECT FACE (especially eyes) by using full face shield or cup-type chemical goggles, AND OTHER PORTIONS OF BODY by using rubber gloves, rubber boots and rubber aprons. Use with adequate ventilation. After SLOWLY pouring acid into drain, IMMEDIATELY place inverted dish pan, bucket or other deep container over drain opening to protect against possible eruption of drain contents and acid. NEVER use a plunger while using this chemical. Use COLD WATER ONLY to flush after treatment. Repeat as necessary to maintain free-flowing drains.

Do NOT use on aluminum. If the drain has a strainer, remove it if possible prior to use of this product. Do not allow this product to remain for more than a few minutes in contact with stainless steel or chrome, since discoloration is possible. Heat generated by this product may deform plastic pipes. Do NOT allow this product or its dilutions to contact surfaces of bathtubs and sinks. Do not attempt to supplement action of this product with air, gas or water pressure. Do not enter line after applying this product. Do not attempt to use mechanical drain line openers after this product has been added.

The following are maximum dosage recommendations, and should not be exceeded. Less product may be sufficient, depending on the kind of stoppage and the material to be dissolved.

Drain Size:	Product Amount/Time:	Flushing Recommendations:
Small Drains	8 oz. / 5 minutes	Flush for 2 to 3 minutes
3-4 inch Drain	1 quart / 15 minutes	Flush for 5 minutes
6-8 inch Drain	1/2 gallon / 15 minutes	Flush for 5 minutes
Septic Tanks	1 gallon / 500 gallon capacity	Pour into drain
