- HOTELS • WATER TREATMENT PLANTS •
- SCHOOL DISTRICTS • INDUSTRIAL PLANTS •
- CORRECTIONS FACILITIES •
- OFFICE BUILDINGS • PLACES OF WORSHIP •

DIRECTIONS

Read DIRECTIONS on product label before opening bottle and using product. Wear apron, gloves, and face shield that are acid proof. Product may react violently with some substances, causing noxious gases and blow back of activated acid out of drain. Do not mix with other chemicals or hot water. Do not use after hot water. Avoid using a plunger with product. Pour entire bottle in drain and cover drain with a deep container to avoid blow back. Reapply cap tightly on empty container, wrap in multiple layers of paper, and put in trash. Wait 15 minutes, then clear drain of acid by flushing with a large amount of cold water. Repeat treatment if necessary.

PRECAUTIONS

POISON: Acid burns eyes, respiratory tract, and skin; solvent and acid vapors may be harmful if inhaled. Do not get in eyes or on skin. Use only in well-ventilated area with constant supply of fresh air. Do not take internally or contaminate foods, drinks, or feeds.

KEEP OUT OF REACH OF CHILDREN

Store in upright, tightly closed original bottle in a cool, dry, locked, ventilated area inaccessible to children. Vapors are corrosive.

FIRST AID PROCEDURES

IMMEDIATELY follow directions below, call a Poison Control Center, and get medical attention for victim. Also get immediate medical attention if any delayed ill effects.

IF IN EYES: IMMEDIATELY hold eyelids open and flush eyes thoroughly with plenty of water while removing any contact lenses; continue flushing eyes until victim gets medical attention.

IF SWALLOWED: IMMEDIATELY rinse out conscious victim's mouth with water, followed by drinking large quantities of water or milk. DO NOT INDUCE VOMITING. Do not give victim gas-forming antacids.

IF ON SKIN: While removing contaminated clothing, shoes, jewelry, etc., IMMEDIATELY flush affected skin with large amounts of water for 15 minutes. Thoroughly clean contaminated items before use.

IF INHALED: Seek fresh air.

INGREDIENTS: Sulfuric Acid (7664-93-9); Water (7732-18-5); Orthodichlorobenzene (95-50-1)
