

**BETA-50
DIELECTRIC SAFETY
DEGREASER**

A highly concentrated solvent designed to remove dirt, grease, oil and grime from metallic and non-metallic surfaces. Cleaning is quick and simple without the danger of injury to working parts. Ideally suited for use on electric motors even while running, electronic equipment, ignition systems, generators, power tools, etc. Also use on air conditioning, refrigeration and all types of mechanical equipment. Authorized by USDA for use in federally inspected meat and poultry plants.

NOTE: Do not use on automatic electronic process control or monitoring systems, computers or data processing equipment. May affect certain plastics. Test before using.

DIRECTIONS FOR USE

Brush or spray onto the surface to be cleaned or use in a vat for immersion cleaning. No special rinsing or flushing is necessary, although if desired, surfaces may be flushed with fresh solvent. Use without dilution and without heat. Repeat application if necessary for heavily encrusted soils.

FOR IMMERSION: Immerse for three to five minutes. Avoid prolonged immersion, as it could damage varnish, rubber or plastic parts. Use instead of carbon tetrachloride, kerosene, 1,1,1 trichloroethane, naphtha or other flammable solvents. When contaminated with soil, do not discard, just filter out the foreign matter and use it over again. Keep vat covered to avoid evaporation.

DANGER / PELIGRO:

Causes skin and serious eye irritation. Suspected of causing genetic defects. May cause cancer. May cause drowsiness or dizziness. Harmful to aquatic life. Harmful to aquatic life with long lasting effects. Obtain special instructions before use. Do not

Product Code: 2040
