

**ALUMINUM & STAINLESS  
TRAILER BRIGHTENER/CLEANER**

SPECIFICALLY FOR ALUMINUM AND STAINLESS STEEL TRAILERS. DO NOT USE ON OTHER SURFACES SUCH AS ALUMINUM WHEELS OR ALUMINUM ENGINE BLOCKS. IF SPLASHED ON GLASS, WASH OFF IMMEDIATELY. ALWAYS DILUTE WITH WATER BEFORE USING. Mix solution in a plastic or stainless steel bucket or sprayer. Make up only enough solution for the job at hand.

FOR CLEANING TRUCKS AND TRAILERS – Under average conditions of temperature (55-85°F) and relative humidity (50%), a solution of 1 part concentrate diluted with 20 parts water will give good results. Since lower temperatures slow cleaning action use a stronger solution on cool days.

**NOTE**

Working in hot direct sun may cause streaking – wet down sides of trailer to cool surface before applying. Whenever possible, it is better to work in the shade. Apply by spraying with a soft brush. Always work from the bottom up to avoid streaking and also work only small areas so surface does not dry out before rinsing. After Solution has set for about 5 minutes, flush thoroughly with water, being sure to rinse also adjacent concrete ramps, floors and drains.

Product Code: 2060
