

**ROUGHNECK SPECIAL  
INDUSTRIAL,  
BIODEGRADABLE DISPERSANT**

ROUGHNECK SPECIAL was developed to address a broad variety of industrial and institutional applications such as cleaning a refinery unit during a turn-around or for lighter institutional needs like cleaning a hospital floor. ROUGHNECK SPECIAL uniquely emulsifies, dissolves and suspends oil, grease and other soils for effortless rinsing. This special process assists in the prevention of the debris redepositing on the area. This product is so unique, it can be used to contain and clean oil spills and oil slicks on water. ROUGHNECK SPECIAL is environmentally safe and can be used to clean offshore drilling platforms.
