

# MAXI-GLIDE

PENETRATING GEL  
LUBRICANT WITH PTFE

MAXI-GLIDE is a revolutionary, clear, PTFE Gel Lubricant, designed to be used in all weather conditions, from -30°F to +500°F. Sprays out like a liquid penetrant, and sets to a clear, tacky gel. A unique blend of polytetrafluoroethylene and state-of-the-art lubricants coat internal parts deep down.

MAXI-GLIDE prevents rust and corrosion while resisting water wash-out. Leaves a coating for extended protection.

## GREAT FOR THESE APPLICATIONS:

Wire rope, hinges, sprockets, rings, seals, bearings, bushings, gears, slides, valves, pistons, sleeves, and pintle, detachable silent roller and block chains, windows, doors, pulleys, rollers, winches, or virtually any moving part.

## KEEP OUT OF REACH OF CHILDREN

**HMIS® RATING:** Health, 2\*; Flammability, 3; Physical Hazard, 0; Personal Protection, X. \* = Chronic

See Safety Data Sheet for complete safety information.

CONTAINS NO OZONE  
DEPLETING CHEMICALS!  
MADE IN THE USA
