

MEGA STEEL STAINLESS STEEL COATING

MEGA STEEL is a durable, high-temperature coating made with Poly Beta Resins and actual flakes of stainless steel. Impervious to corrosion, abrasion, and most chemicals. Guards metal and ceramic surfaces with multiple layers of stainless steel. **MEGA STEEL** is totally non-flammable when dry. Starts to dry in as little as 15 minutes and completely hardens overnight. Total strength is achieved after several days of curing.

GREAT FOR THESE APPLICATIONS:

Ovens, tanks, heat exchangers, food processing plants, fire hydrants, chemical processing equipment, engines, muffler systems, pipes, radiators, steam pipes, boilers, plumbing, institutional kitchens, chemical refineries, oil field equipment, etc.

DIRECTIONS:

PREPARATION PRIOR TO USE: Surface should be clean from dirt, oil, paint, rust, scale, corrosion, or wax prior to use. Shake **MEGA STEEL** vigorously until ball rattles freely. Shake for an additional 30 seconds for ideal mixture. Occasionally shake during use. Position **MEGA STEEL** 10 to 12 inches from surface area. Spray in a sweeping motion. For ideal results, spray several thin coats. **ATTENTION:** To prevent clogging, after each use turn **MEGA STEEL** upside down and spray a couple of short bursts to clear spray nozzle.

Product Code: 2850-A

Exclusively for Industrial & Institutional Use

MEGA STEEL STAINLESS STEEL COATING

- Temperature Resistant to 400°F
- Resists Oxidation
- Enhanced with Poly Beta Resin, Creating an Impenetrable Coating
- Contains Pure Stainless Steel Flakes
- Dries in Minutes • Indoor/Outdoor Use
- Long Lasting

DANGER:

**EXTREMELY FLAMMABLE. VAPORS
MAY CAUSE FLASH FIRE. EYE IRRITANT.
HARMFUL OR FATAL IF SWALLOWED.
CONTENTS UNDER PRESSURE.
SEE OTHER CAUTIONS ON SIDE PANEL.**

NET WT. 13 OZ (369 g)

MEGA STEEL STAINLESS STEEL COATING

DANGER: Extremely flammable aerosol. May be fatal if swallowed and enters airways. Causes skin irritation. Causes serious eye irritation. May cause drowsiness or dizziness. Suspected of causing cancer. May damage fertility or the unborn child. May cause damage to organs through prolonged or repeated exposure. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Keep away from heat/sparks/open flames/hot surfaces. No smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use. Do not breathe gas. Wash thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective gloves/protective clothing/eye protection/face protection. Store in a well-ventilated place. Keep container tightly closed. Store locked up. Protect from sunlight. Do not expose to temperatures exceeding 49°C/120°F. Dispose of contents/container in accordance with local/regional/national/international regulations.

FIRST AID: IF SWALLOWED: Immediately call a poison center/doctor. Do NOT induce vomiting. IF ON SKIN: Wash with plenty of water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse. IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a poison center/doctor if you feel unwell. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. IF EXPOSED OR CONCERNED: Get medical advice/attention.

CONTAINS (CAS No.): Acetone (67-64-1), Toluene (108-88-3), Propane (74-98-6), Butane (106-97-8), Xylenes (1330-20-7), Ethyl Benzene (100-41-4) and Petroleum distillates, hydrotreated light (64742-47-8).
