DIRECTIONS FOR USE

Open the lid and pull one towel from the center and bring through the slotted opening. Pull towels out at an angle to easily dispense. Close the lid after use to avoid evaporation of the ingredients.

Wipe hands, tools, equipment or any other surface to be cleaned. Wipe until the surface is completely clean.

CAUTION

Always check surface for compatibility prior to use. For external use only. Do not allow towel to contact eyes. Causes eye irritation. If contact occurs, flush with water for 15 minutes. Call a physician. Keep away from heat source.

CAUTION: KEEP OUT OF REACH OF CHILDREN. For external use only. Causes eye irritation. In case of eye contact, flush with water for 15 minutes. Call physician.
