

(281) 647-9700
or 1-800-295-BETA

Product Code:
1070-Q

PRECISE

35.16% ACTIVE INGREDIENTS

CONCENTRATED EMULSION • CLEANER

FEATURES:

- LIGHT MINT SCENT
- HARD WATER & LIME REMOVER
- RUST & SCALE REMOVER
- SPECIAL CLINGING ACTION

GREAT FOR:

USE ON	REMOVAL OF		
URINALS	URIC ACID	SCALE	STAINS
TOILETS	HARD WATER	RUST	SCUM
SINKS	LIME	SOIL	ETC.

DIRECTIONS

RESTROOM - Dilute concentrate to a 50% solution. Apply product with a green scrubable type pad, sponge or mop. Follow every application with a thorough rinse.

TOILETS - Apply a stream of concentrate over the entire surface of bowl. Agitate product with a bowl mop or brush depending on the application. Cover the entire surface area including under the rim, seat and outer bowl surface. Let product sit for up to 5 minutes depending on severity of buildup. Rinse interior surface by flushing and rinse other surfaces by using a damp sponge.

URINALS - Apply a stream of concentrate over the entire surface of urinal. Agitate product with a bowl mop or brush depending on the application. Cover the entire surface area including grooves for the water outlets. Let product sit for 5 minutes and flush for rinsing purposes.

BETA DATA

FLASH POINT:	None	WETTING ABILITY:	Penetrates
BOILING POINT:	Same as Water	VISCOSITY:	Moderately Thick
COLOR:	Green	SOLUBILITY IN WATER:	100%
SPECIFIC GRAVITY:	1.17	PHOSPHATES:	None
TOXICITY:	5 ppm OSHA TLV	BIODEGRADABILITY:	Yes
DETERGENCY:	Good to Excellent	pH:	<1
STORAGE STABILITY:	1 year	% VOLATILE BY VOLUME:	85
COLD STABILITY:	32°F	EVAPORATION RATE:	Slow
ODOR:	Mint (Wintergreen)	FORM:	Liquid
