2002-P

# L.T. RED-X

## Odorless Industrial Line Treatment

- NON-FUMING • USE IN PUBLIC AREAS
- SAFE FOR USE IN TOILETS, URINALS, SEPTIC SYSTEMS, MOST PIPES, FIXTURES AND PLUMBING
- FAST ACTING FORMULA

### GREAT FOR USE IN

- FLOOR DRAINS • URINALS • TOILETS •
- SINKS • SEPTIC SYSTEMS • SLOW MOVING DRAINS •
- COMPLETELY STOPPED UP DRAINS • TUBS •

### DIRECTIONS

Ready to use formulation.

Preventative Maintenance: Use 1/4 cup of L.T. RED-X with 1 cup of hot water. Pour in drain. For larger drains, mix 1/2 cup of L.T. RED-X with 2 cups of hot water. Do not use the drain for 5 minutes.

Stopped Up Drains: Remove Standing water and pour 1/2 cup of L.T. RED-X in the drain. Add 1 cup hot water. For larger drains, use 3/4 cup of L.T. RED-X in the drain with 2 cups of hot water. Do not use drain for 10 minutes. (If necessary use plunger to assist process.)

Urinals, Toilets & Tubs: Pour 3/4 cup of L.T. RED-X and add 4 cups of hot water. Let stand for 1/2 hour before flushing. (If necessary use plunger to assist the process.)

**CAUTION:** Do not use where acid drain openers are present.
